

Missouri Department of Health Integrated Care Project

An Innovative HIV Training and Infrastructure Development Model

The Missouri Department of Health Integrated Care Project provides training to promote services to HIV-positive individuals who are substance abusers and/or diagnosed with mental illness. Models were developed for Kansas City, St. Louis, and rural Missouri.

Learn about the program using the Internet.

Learn about the model and the client outcomes it produces.

The Missouri Department of Health Integrated Care Project was funded as a HRSA HIV/AIDS Bureau Special Project of National Significance between 1994 and 1998.
